## NBA All-Star 2020

# Bam Adebayo

### Q. What's the biggest thing for you?

BAM ADEBAYO: We're winning. We're top in the East, and I feel like that's a big part of why I'm here. And my success. I feel like I've made great strides in this league, and it's a good season right now.

### Q. What can you tell us about the season Jimmy is having? Can you talk a little about the chemistry?

BAM ADEBAYO: It started in the summer. It's building habits. Jimmy is one of those guys. He wants to hold people to a higher standard. Our organization wants to hold people to a higher standard. So it just made it all sync together. Everybody doesn't take anything personal when somebody gets on them. It's all love at the end of the day.

### Q. Talk about just what Pascal Siakam has done to elevate his game this season.

BAM ADEBAYO: He's playing incredible basketball right now. That's the enemy right now, so I can't give him too much love. But at the end of the day, he's my brother. He just really locked in this summer. I was with him for about 2 1/2 weeks. We were talking. He was really locked in to what he had to get accomplished.
